ORDERS CUT IN  
PRICE OF SUGARAttorney General Rules on  
Limit for Profit to Retailer  
and Wholesaler

SALT LAKE, May 12.—In a ruling received yesterday from Attorney General A. Mitchell Palmer, wholesale sugar dealers who make a profit of more than one cent a pound on sugar and retailers whose profit is more than two cents a pound are liable to prosecution under the Lever act. The telegram containing the information was sent to Isaac Blair Evans, United States district attorney.

The charging of higher profit will not be recognized as fair and reasonable regardless of what price is fixed by the sugar factories, according to the Washington dispatch. Sugar is being sold to the consumer in Salt Lake at slightly more than will comply with the orders from Mr. Palmer, according to Mr. Evans. The retail price yesterday was 28 cents a pound. The factory price is now \$22.75 a hundred pounds base, to which is added the freight differential which in Salt Lake amounts to 73 cents a bag.

According to these figures, sugar must be sold in Salt Lake to the consumer at \$26.54 or less per 100 pounds. "I believe that retailers and jobbers will be governed by the order from Attorney General Palmer," District Attorney Evans said last night. "Any violations, of course, will be looked into and prosecutions will be instituted against any firms which do not comply with the fixing of the maximum profit."

Upon request from Washington the Utah-Idaho Sugar company last night sent by telegraph a complete abstract of the sales record during the past fourteen months. Analysis of the figures show the following: Sugar on hand March 1, 1919, 327,468 bags; output crop year 1919-20, 1,339,021 bags; total 2,326,499 bags; sold during fiscal year 1919-20, 1,756,824 bags at an average price of \$9.60 per hundred pounds; on hand and in transit to eastern markets May 1, 1920, when price was advanced to the lowest prevailing market for cane sugar, 303,315.

According to an official of the company, even though this amount of sugar should be sold at the recent advanced price of \$22.75 San Francisco base, it would bring the average up to only \$11.62 per bag for all sugar sold by the Utah-Idaho Sugar company during the past fourteen months, or 18 cents per bag less than the government allowed Michigan producers and \$6.18 per bag lower than the department of justice stipulated as a reasonable price for Louisiana sugar.

RECORD DECREASE IN

Goodyear Leadership—  
and Tires for the Smaller Cars

Enormous resources and scrupulous care have produced in Goodyear Tires for the smaller cars a high relative value not exceeded even in the famous Goodyear Cords on the world's highest-priced automobiles.

In addition to its larger sizes, Goodyear manufactures an average of 20,000 small car tires a day in the world's largest tire factory devoted solely to the 30x3-, 30x3½-, and 31x4-inch sizes.

Last year more cars using these sizes were factory-equipped with Goodyear Tires than with any other kind.

Their extreme worth is available for your Ford, Chevrolet, Dort, Maxwell, or other car using one of these sizes, at the nearest Goodyear Service Station. Go there for these tires and Goodyear Heavy Tourist Tubes.

IN SUGAR PROBETestify Concerning Alleged  
Effort to Discredit Beet  
Growers' Company

RIGBY, Ida., May 12.—Farmers of the Rigby district testified concerning alleged attempts of the agents of the Utah-Idaho Sugar company to discredit the efforts of the Beet Growers' Sugar company, yesterday at the hearing of the federal trade commission against the Utah-Idaho Sugar company and others.

Several farmers of the district testified to conversations with field men and other employees of the older company, and quoted them as stating that the Beet Growers' company could not obtain beet seed, could not complete construction of its factory, and could never pay for beets contracted, and would never operate.

Lloyd Adams, editor of the Rexburg Standard, testified concerning a letter written to him by C. B. Whitney of the Utah-Idaho Sugar company, which said:

"We also advise that this company is now planning to extend its advertising activities, and the medium we will most naturally choose is the paper that is friendly and loyal to the beet sugar industry generally and our organization in particular. It is our intention to read your papers with a view to learning your editorial and general attitude toward us, and we trust it will prove such as to warrant future business profitable to us both."

Henry Ward Beer, special attorney for the commission, sought by questioning the witness to ascertain whether he had changed the editorial policy of his newspaper in order to get the advertising of the sugar company. This Mr. Adams emphatically denied. Mr. Beer asked the witness if any other concern had ever made such a proposition to him. To this Mr. Adams replied that the American Press association had written him to bear in mind the work done by President Woodrow Wilson toward getting advertising contracts for the navy and other governmental activities. The statement of Mr. Adams set the court in a tumult for a time.

DEMOCRAT LEADERS

FOR BRIGHAM CITY

BRIGHAM CITY, May 12.—Mayor John W. Peters has announced that C. O. Roskelley will accept the position as city manager of Brigham city. He will take the vacancy left by the resignation of John H. Burt, whose health necessitated his resignation. Mr. Roskelley served as city manager for two years.

HOW AND WHEN  
TO TAKE ASPIRINFirst See That Tablets You  
Take Are Marked With the  
"Bayer Cross."

To get quick relief follow carefully the safe and proper directions in each unbroken package of "Bayer Tablets of Aspirin." The package is plainly stamped with the safety "Bayer Cross."

The "Bayer Cross" means the genuine, world-famous Aspirin, prescribed by physicians for over eighteen years. "Bayer Tablets of Aspirin" can be taken safely for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Joint Pains, Neuritis, and Pain generally.

Handy tin boxes of 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.—(Adv.)

Careless Shampooing  
Spoils the Hair

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is Mulsified coconut oil shampoo (which is pure and greaseless), and is better than anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get Mulsified coconut oil shampoo at any pharmacy. It's very cheap and a few ounces will supply every member of the family for months.

To Get Strong and Put  
on Flesh

People who have tried it say that one of the quickest and surest ways in which those who are weak, thin, nervous and run down can grow strong and put on pounds of solid stay-the-flesh, is to take a five-grain tablet of Blood-Iron Phosphate with each meal. This "do-it-less" due to the well known fact that Blood-Iron Phosphate quickly builds up depleted nervous energy and the blood supplies the iron necessary to make rich, red strength building blood. If you are weak, thin, nervous, or are lacking in the old time vigor, endurance, and optimism, go to McIntyre Drug Co., or any other good drugstore and get enough Blood-Iron Phosphate to last three weeks and take as directed. If at the end of three weeks you don't feel one hundred per cent better and aren't in every way satisfied you can have your money back for the asking. Fair, isn't it? Better try it today.—Advertisement.

Try Efficient Sulphur Tablets.

If you or any member of your family, young or old, are bothered with constipation, you can surely get pleasant, lasting relief, while at the same time you can rid the system of a multitude of ailments which may owe their origin to the pent-up poisons in your body. Sulphur Tablets (not sulphur tablets) act beneficially on the stomach, liver, kidneys, bowels, and blood, and once you know their cheapness and their value, nothing would induce you to be without them.

Mrs. A. B. Coleman, 1605 Hackberry street, Austin, Texas, writes: "I use your Sulphur Tablets for my whole family and they are just simply fine!"

Lips?

Some unfortunate men and women are prone to wonder why some of their friends are blessed with an abundance of color—pink cheeks and red lips—while theirs are always colorless. The reason for this last named condition is—there is not enough red blood corpuscles in the blood—just as there is not enough blood in the water. The flesh is flabby too. Well known physicians state that the regular administration for several months of three-grain hypo-nucleate tablets will greatly improve the color, add to the weight, make the cheeks pink and the lips red and in general be very beneficial. For self-administration, obtain from any of the best apothecary shops.—Advertisement.
